

# ENGINEER'S GUIDE

2021

# Your Rector

**Freshman, welcome  
to Tomsk Polytechnic  
University!**

**You are that one whom we have  
waited for! We are glad to see you  
here!**

Student years and involvement in the engineering community will become the best moments in your life one day. In the meantime, try to do your best!

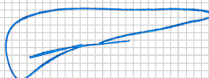

Ahead there will be acquaintances with new friends, bright events, lectures from outstanding professors, research experiments with genuine scientists, plenty of study and scientific discoveries! There also will be internships in the best research centers of the world, practical training at the largest state corporations of Russia and in the most unusual places of the world: from Chukotka to Crimea. Sports and creative activities, volunteering, membership in students' teams — every day at TPU can be full of emotions and victories. I am a TPU graduate and know what I am talking about.

Try all the opportunities, which the university gives to you. We will help you, tell you and guide you! In the engineer's guide, you will find all the required information and contacts for the first time and then use your goal commitment.

Follow our social networking services and follow the news on the TPU website ([tpu.ru](http://tpu.ru)).

**Dmitry Sednev,  
Acting Rector of TPU**

## 125 Years of History!

Tomsk Polytechnic University was founded as Tomsk Technological Institute of Practical Engineers of Emperor Nicholas II in 1896. It became the first educational institution to train practical engineers on the vast Russian territory from the Volga to the Pacific Ocean! During all these years, Tomsk Polytechnic University is true to its mission — it trains engineering leaders for the development of Russia. Moreover, in 1896, in the year of the foundation of our university, the Lumière brothers, filmmakers, presented their first cinematograph, the poet Sergei Yesenin was born and the first modern Olympic Games were held in Greece.

## Forbes Recommends TPU

According to the Russian editorial board of the magazine, it is significant to be annually ranked 7th among the best Russian universities! Quality of education is the TPU strength. All the other staff depends on you.

**Forbes**

## 170,000 Graduates!

Just imagine every one of them proudly bears the title of a TPU graduate. There are legends about the TPU community. Wherever you stay for work, you can count on the help and support of members of the TPU community as they are almost everywhere.

## Campus is University Town within City

Every famous university in the world possesses its campus. TPU is not an exception.

The TPU campus is **32** academic and laboratory buildings, **15** residence halls on a total area of **329,000** km<sup>2</sup>, **7,000** personal computers and **200** Wi-Fi zones, a climbing wall, a stadium, a library, a culture center and so on. The most important is people! There are over **11,500** students, including almost **3,000** international students from over **50** countries. You hardly ever will be able to meet everyone, however, some of them will become your lifelong friends.

Remember our motto:  
**#TPUisthebest**

# Your Internet
